Your AI personal stylist

The AI Stylist app interface shows a chat conversation with a user named 'Lizzy'. The user asks, 'I need an outfit for my date night'. The AI responds, 'Sure, here's a cute outfit' and shows a recommended outfit. The user replies, 'OMG, love it'.

 **Best for:** Anyone who wants daily outfit help without hiring a stylist.

FITS – AI WARDROBE & STYLING APP

Style My Closet

Digitize your closet and generate outfits based on your clothes and upcoming occasions.

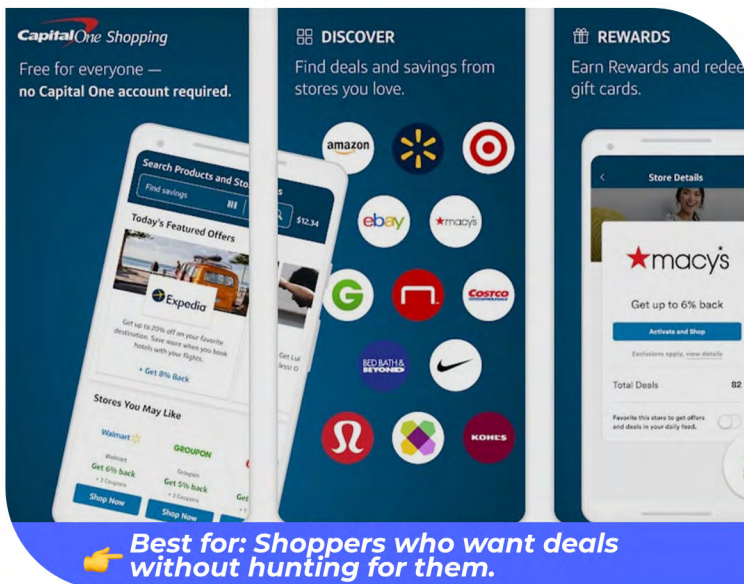

👉 **Best for: Savvy online shoppers who love saving at checkout.**

PAYPAL HONEY

Apply Coupons

Classic coupon extension that applies the best code at checkout and tracks price drops with Droplist.

👉 **Best for: Shoppers who want deals without hunting for them.**

CAPITAL ONE SHOPPING

Shop Smarter

Automatically finds lower prices, applies coupons, and tracks price changes across your favorite stores.

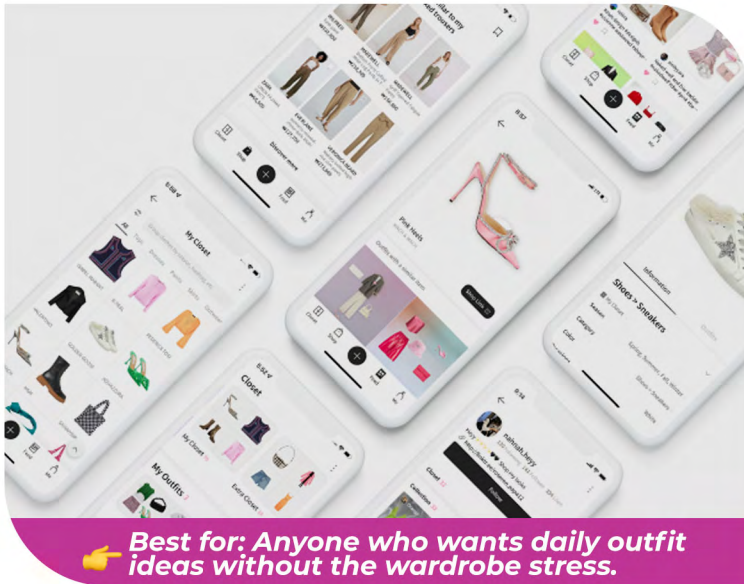

Instantly *compare* new and secondhand options across the Internet

👉 **Best for: Fashion shoppers who want to make smarter, wallet-friendly choices.**

PHIA – AI PRICE CHECKER

Compare Prices

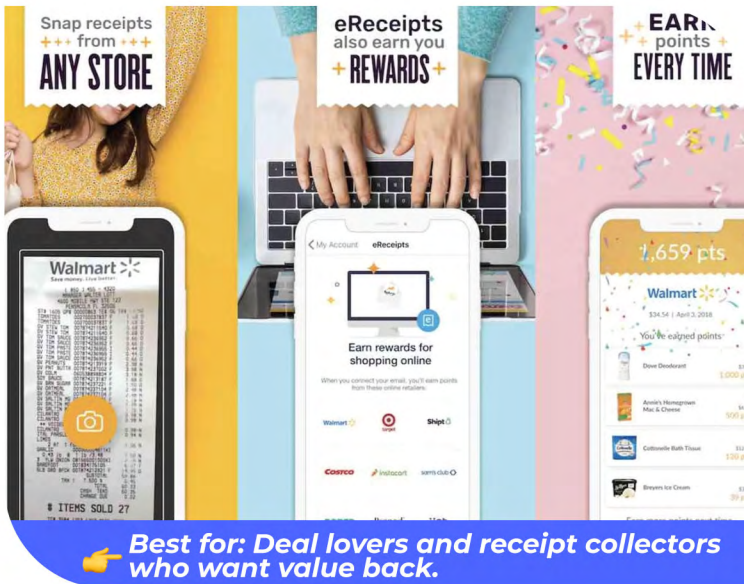

AI fashion assistant that compares prices on fashion items, including resale options, all from a single click.

ACLOSET

Plan My Outfit

Upload your clothes, and Acloset becomes your personal stylist. From colour tone to clothing silhouette, it suggests daily outfits based on the weather, your schedule, and what fits you.

FETCH – RECEIPT TRACKING & REWARDS

Track Receipts

Scan receipts from any store, earn points, track your spending, and unlock occasional deals and rewards.

SMARTER SHOPPING STARTS HERE

From coupon stacking to style planning, these tools are saving people time and money without needing to open 10 tabs or guess if a price is fair.
